

Introduction:

Welcome to our informative pamphlet! Whether you're new to Next Level Academy or seeking more knowledge, this guide is designed to provide you with essential information in a clear and concise manner.

Next Level Academy at a Glance:

NLA is a boarding school that encompasses academia and athletics. NLA is one of the most diverse schools in the United States. We have had students from 12+ countries all come together to Wetumpka, AL to continue their academic excellence.

Why Next Level Academy:

NLA is a smaller, close-knit school where everyone is striving to benefit each student. Teachers and coaches form individual relationships with students to give them all the support they need to excel in academics and athletics. In the classroom, our teacher to student ratio is usually around 1:10. Most schools today are around a 1:30 ratio and students seem to get lost in the shuffle and passed along. NLA is able to give each student the attention required to succeed on and off the field.

NLA Campus:

- *Weightroom: NLA has a 7500 sq. ft. weight room/turf multipurpose area*
- *Cages/Bullpen: NLA has 3 indoor retractable cages with Hittrax and Rapsodo technology to help our players understand each swing or pitch.*
- *Field: We have a full high school size field for practice and game use. Also there is an additional infield for ground balls and pitcher work.*
